2015–2016 Student Injury and Sickness Insurance Plan

Designed Especially for the International Students of

VANDERBILT UNIVERSITY

VANDERBILT

Dear Students and Parents:

Vanderbilt University is committed to promoting good health and meeting the medical needs of its students. The unexpected occurrence and expense of a medical condition may interrupt and even end a student's academic career. It is for this reason that we offer the Student Injury and Sickness Insurance Plan described in this Brochure.

The University requires that all students "in degree programs" of 4 or more credits have adequate health insurance. For this reason the University will include the student insurance charge on your tuition invoice. If you have other insurance and do not wish to participate in the Student Injury and Sickness Insurance Plan offered through the University, you must complete an Online Waiver Form (www.gallagherstudent.com/vanderbilt) indicating your other insurance information. This Online Waiver Form must be completed no later than September 7, 2015, or you will remain enrolled in the Plan offered by the University and will be responsible for paying the insurance premium. All Students who wish to waive coverage are required to complete an online waiver form at the beginning of each academic year.

Although many families have some form of insurance, it's important to ensure that students have adequate coverage while on campus. The Student Injury and Sickness Insurance Plan provides coverage to students for a 12-month period, August 12, 2015 through August 11, 2016. It is your decision to waive the Student Injury and Sickness Insurance Plan, but here are some questions to think about and to ask your current health plan:

- Does my plan cover full-time students attending college away from home or even out-of-state?
- Does my plan provide adequate coverage beyond emergency services for full-time students attending college away from home or even out of state?
- Does my plan provide adequate access to health care providers outside of the plan's service area including out of state?
- Does my current plan have a high deductible that needs to be met before full coverage begins?
- How does my insurance plan cover referrals to other providers, particularly if it's an out of state referral?
- Will there be extra paperwork - how are claims submitted? Although the Plan covers many of your injuries and sicknesses, there are specific exclusions and limitations in coverage, which should be carefully noted as you read the provisions of the Plan.

We hope you enjoy your stay at Vanderbilt University.

Introduction

THE VANDERBILT UNIVERSITY STUDENT INJURY AND SICKNESS INSURANCE PLAN

The Vanderbilt University Student Injury and Sickness Insurance Plan is designed to protect against unexpected medical expense and to meet most students' needs while on campus and throughout the policy year. Often a student covered by a Health Maintenance Organization (HMO) or a managed care policy at home, has limited or no benefits while at the University, other parts of the U.S. or in a foreign country. When reviewing your current policy, check to ensure that it provides access to care in the Vanderbilt University area and provides comprehensive coverage, extending beyond emergency care to include physician and hospital services.

This brochure is a brief description of the Plan. The exact provisions governing the insurance are contained in the Master Policy which becomes effective at 12:01 a.m. August 12, 2015 and terminates at 11:59 p.m. on August 11, 2016, issued to Vanderbilt University and may be viewed at the Student Health Center during regular business hours. This Plan is underwritten by UnitedHealthcare Insurance Company and is serviced by Gallagher Student Health. Claims are processed by HealthSmart Benefit Solutions, Inc.

Student Eligibility and Enrollment

All International students attending Vanderbilt University are automatically enrolled in and billed for the Student Injury and Sickness Insurance Plan to be in compliance with Federal Regulations relating to J-1 Visa Status that requires international students and their Dependents residing in the U.S. to maintain adequate insurance coverage.

Insured Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the policy Eligibility requirements have been met. If and whenever the Company discovers that the policy eligibility requirements have not been met, its only obligation is refund of premium.

Online Student Waiver Process

Eligible students are automatically enrolled in and billed for the Student Injury and Sickness Insurance Plan. Students who are currently enrolled in a health insurance plan of comparable coverage that will be in effect through August 11, 2016 can waive the Student Injury and Sickness Insurance Plan. Recognizing that your current health insurance coverage may change, at the beginning of each academic year students will be asked to provide proof of comparable coverage in order to waive the Student Injury and Sickness Insurance Plan.

What is Comparable Coverage?

In order to be considered comparable, your current insurance plan should:

1. Be underwritten by an insurance company based in the United States (no international insurance companies);
2. Use a claims company in the United States;
3. Provide access to local doctors, specialists, Hospitals and other health care providers in the Vanderbilt University area;
4. Cover injury and sickness at a minimum of 80% with no policy year maximum;
5. Not have Deductibles greater than \$150 per Insured Person, per Policy Year;
6. Cover inpatient and outpatient Hospital expenses, outpatient surgical expenses, inpatient and outpatient mental health, prescription drugs, laboratory tests and x-rays, physical therapy, maternity, home health care;
7. Provide coverage for Medical Evacuation and Repatriation of Remains; and
8. Provide coverage for the period of August 12, 2015 to August 11, 2016.

Waiver Deadline

The deadline for students to complete the Online Waiver Form is September 7, 2015 for annual coverage, January 6, 2016 for students newly enrolled for the Spring Semester, May 1, 2016 for students newly enrolled for May Mester, and June 1, 2016 for students newly enrolled for Summer Semester. Students who waive the Student Injury and Sickness Insurance Plan in the fall waive coverage for the entire policy year. The Online Waiver process is the only accepted process for making your insurance selection. Students who do not submit the Online Waiver Form by the deadline will remain enrolled in and billed for the Student Injury and Sickness Insurance Plan.

Waiver Process

To document proof of comparable coverage an online waiver form must be completed and submitted by the deadline.

1. Go to www.gallagherstudent.com/Vanderbilt.
2. Click on "Student Waive".
3. User Accounts have been created for all students, new and returning. Your username is your Vanderbilt University email and your Commodore ID located on your Student Account, is your password.
4. Click on the Red "I Want to Waive" button.

To complete the online Waiver Form, you will need to provide information from your current health insurance card: name, claims address, and toll-free customer service number of the insurance carrier, the name of the policyholder and policyholder ID or group number. If you have any trouble logging into your user account, please contact Gallagher Student Health & Special Risk customer service at 1-800-468-5867.

After completing the online waiver form you will be asked to review the information provided; if correct, click "Continue". Immediately upon submitting the form you will receive a confirmation number indicating the form has been submitted. Print this confirmation number for your records as it is your documentation that the form was submitted. If you do not receive a confirmation number, the form was not successfully submitted and you will need to correct any errors and resubmit the form. The online process is the only accepted process for waiving coverage.

Your submitted waiver form will be subject to a waiver verification. If it is determined that a student waived coverage with a health insurance plan that was not comparable coverage, the student will be automatically enrolled in the Student Injury and Sickness Insurance Plan. An Online Waiver Form must be completed at the beginning of each academic year in order to waive participation in the Student Injury and Sickness Insurance Plan.

Students who waive the insurance and subsequently lose coverage or become ineligible for coverage under their current insurance plan (i.e. a qualifying event), have the option to complete a Petition to Add Form within 31 days of the qualifying event. If the petition is received within 31 days of the qualifying event, coverage will begin the date of the qualifying event and will be in adherence to the Student Injury and Sickness Insurance Plan provisions. If a petition is received after 31 days, the effective date of coverage will be the date that the petition is received at Gallagher Student Health & Special Risk. If the petition is approved, the premium will not be prorated. Petition to Add Forms can be obtained from Student Accounts, or online at www.gallagherstudent.com/vanderbilt.

Dependent Eligibility and Enrollment

Students may enroll their eligible Dependents with an additional cost by submitting an online Dependent Enrollment Form. To submit Dependent information online, go to www.gallagherstudent.com/Vanderbilt click on the "Dependent Enrollment" link.

Payment for Dependent coverage is in addition to the fee for your individual student coverage. Coverage is not effective until the start date shown in the Plan Costs and Period of Coverage section. The premium will not be prorated. It is the Insured Student's responsibility to enroll eligible Dependents each year.

Dependent Enrollment Deadlines

It is the Insured student's responsibility to enroll eligible Dependents each year. Dependents are not automatically re-enrolled. Students need to purchase coverage for their eligible dependent(s) at the same time of their initial plan enrollment and must purchase the same period of coverage in which they are enrolled.

The deadlines to enroll dependents are as follows: September 12, 2015 for newly enrolled and returning Annual students to have an effective date of August 12, 2015; February 1, 2016 for newly enrolled spring students to have an effective date of January 1, 2016; June 1, 2015 for newly enrolled May semester students to have an effective date of May 1, 2016; and July 1 2016, for newly enrolled Summer students to have an effective date of June 1, 2015.

The only time students can purchase coverage for their dependents outside of their own coverage period is if the student experiences one of the following qualifying events: (a) marriage (b) birth of a child, (c) divorce or (d) if the dependent is entering the country for the first time. If dependent enrollment meets one of these qualifying events, the Dependent Enrollment form, supporting documentation, and payment must be received by Gallagher Student Health within 31 days of the qualifying event. If not received within 31 days of the qualifying event, the effective date of coverage will be the date this form and payment are received at Gallagher Student Health. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

Dependent means the spouse (husband or wife) or Domestic Partner of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years. The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both: 1) Incapable of self-sustaining employment by reason of mental retardation or physical handicap; and 2) Chiefly dependent upon the Insured Person for support and maintenance. Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age. If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

Domestic Partner means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare; and 4) is the same sex as the Named Insured. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account. "Declaration of Domestic Partnership" forms are available from either the On-Campus Student Insurance Representative located at the Student Health Center or Gallagher Student Health.

Insured Students withdrawing after 31 days will remain covered under the Plan for the full period for which the premium has been paid and no refund will be made available. Premium received by the Company is fully earned upon receipt.

Refunds are not granted to Graduate students for any reason other than those Graduate students who graduate at the end of the Fall Semester and request a termination of coverage for the Spring Semester. The request must be made by December 31, 2015. Please contact the Student Insurance Coordinator at Vanderbilt University Student Health Center for details.

Coverage for an Insured Student entering the Armed Forces of any country will terminate as of the date of such entry. Those Insured Students withdrawing from the school to enter military service will be entitled to a pro-rata refund of premium upon written request.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

Only one referral is required for each Injury or Sickness per Policy Year. A referral from the Student Health Center does not guarantee that the services will be covered by the Student Injury and Sickness Insurance Plan.** Treatment received without a written referral authorization will not be covered, except for the circumstances listed below. Treatment that requires a referral will be covered in accordance with the Schedule of Benefits on pages 6-9. A referral issued by the Student Health Center must accompany the claim when submitted. Covered Dependents do not use services at the Student Health Center and are not required to obtain a written referral.

Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Domestic Partner of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

DOMESTIC PARTNER means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; 3) is responsible with the Named Insured for each other's welfare; and 4) is the same sex as the Named Insured. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

NAMED INSURED means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

NEWBORN INFANT means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for: 1) Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; 2) routine nursery care provided in the well-child care unit; and 3) perinatal group B streptococcal disease testing. Benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.

Right of Recovery

Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear. This provision will be limited to 18 months from the date the claim is paid.

Subrogation

If an Insured recovers money for medical expenses incurred due to an Injury for which the Company paid a medical benefit, the Company must be repaid. The amount repaid will not exceed the smaller of the amount the Insured recovers for medical expenses incurred or the amount of benefits paid. The repayment will come out of any recovery made for medical expenses, less an equitable adjustment for the costs and legal fees needed to recover the money. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

Claim Procedures for Injury and Sickness Benefits

In the event of an Injury or Sickness the Insured Student should:

1. If at Vanderbilt University report to the Student Health Center for proper treatment or referral; or
2. If away from Vanderbilt University or if the Student Health Center is closed, report to the nearest Physician or Hospital and follow the prescribed treatment advice. The Insured Student should return to the Student Health Center for any necessary follow up care.
3. A claim form is not required to submit a claim. However, an itemized medical bill, HCFA 1500, or UB92 form should be used to submit expenses. The Insured Student/Person's name and identification number need to be included.
4. The form(s) should be mailed within 90 days from the date of Injury or from the date of the first medical treatment for a Sickness, or as soon as reasonably possible. Retain a copy for your records and mail a copy to UnitedHealthcare **StudentResources**, at the address below. However, proof must be given as soon as reasonably possible and in no event later than one year.
5. Direct all questions regarding claim procedures, status of a submitted claim or payment of a claim, or benefit availability to the Claims Administrator, HealthSmart Benefit Solutions, Inc., or to the On-Campus Student Insurance Representative.

REMEMBER THAT EACH INJURY OR SICKNESS IS A SEPARATE CONDITION. ONLY ONE REFERRAL IS REQUIRED FOR EACH INJURY OR SICKNESS EACH POLICY YEAR. A REFERRAL FROM THE STUDENT HEALTH CENTER DOES NOT GUARANTEE THAT THE SERVICES WILL BE COVERED BY THE STUDENT INJURY AND SICKNESS INSURANCE PLAN.

Any provision of this Policy, which on the effective date, is in conflict with the statutes of the state in which the Policy is issued will be administered to conform to the requirements of the state statutes.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date Year the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-844-210-0545 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.

D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Dental Services Deductible

Benefits for pediatric Dental Services provided are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy:
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.
